WHO WE ARE

JOE WYNN

Founder & Board Chairman

The Veterans Enterprise Training & Services Group (VETS Group) is a non-profit 501(c)3, community-based organization, headquartered in Washington, D.C. We provide a holistic program for Veterans and their families to achieve economic empowerment through education, entrepreneurship, and employment. We also offer assistance with affordable housing, family strengthening, and health rehabilitation. The VETS Group conducts training seminars on federal procurement and small business development, and education in financial literacy, including credit repair, banking, money management and identity theft.

OUR CHALLENGE

D.C. laws are continuously changing and being updated according to national and worldwide events (such as the COVID-19 pandemic), leaving many D.C. employers unaware of what must be provided to their employees in terms of leave, paid and unpaid policies, and D.C. employees unaware of benefits available to them.

SOLUTION

The Vets Group has been selected by Department of Employment Services to assist with promoting a Public Education Program designed to inform and educate District of Columbia employers and employees of the Workplace Leave Laws, including some of the District's most vulnerable communities.
